HEART CONGRESS 2019

NOVEMBER 18-19, 2019 | TOKYO, JAPAN

About Conference

Scholars Conferences is proud to present the highly anticipated “Scholars World Heart Summit” (Heart Congress 2019) to be held on **November 18-19, 2019 at Tokyo, Japan**. The conference program consists of world-class keynote addresses, industry-led presentations, as well as extensive networking opportunities, creating an interactive platform for high-level scientific and business discussions.

Over 100 delegates representing leading Universities, Colleges, Institutes, Organizations, Companies, internationally renowned research & academic institutions will be present at our prestigious conference.

The Scholars World Heart Summit Scientific Sessions covers basic and translational cardiovascular scientists from around the globe with the common goal to discover pathways to cardiovascular therapeutics and promoting cardiovascular health. This meeting has become the “go to” meeting for intra- and interdisciplinary cross-fertilization of ideas and incorporation of new approaches from the general scientific community and plays a pivotal role in the training of junior scientists and trainees.

The Conference will be special interest to basic cardiovascular scientists, molecular/ cellular biologists, physiologists, translational investigators, clinical trialists, practicing cardiologists, cardiovascular nurses and pharmacists. In addition, the conference will also be of great value to scientists and executives of pharmaceutical companies and biotechnology firms who are in the cardiovascular space.

VENUE

About Tokyo:

Tokyo is Japan's capital and the largest metropolitan area in the world. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital").

World's highest Skywalk- the Tokyo Sky tree is the tallest free-standing tower in the world, measuring 634m. The observation deck at 450m is the world's highest skywalk and offers panoramic views of the city.

Tokyo is a fascinating city, where the latest trends and the oldest traditions meet. From ancient cherry-blossom festivals to the vibrant Harajuku neighbourhood. Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors.

The city's history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city centre and within relatively short train rides at its outskirts.
