

World Congress on Pharmaceutical Sciences

December 02-03, 2019 | Bangkok, Thailand

Theme: Empowering New Era Technologies in Pharmaceutical Sciences

Thailand, with a population of 68 million, is Southeast Asia's third most populous country after Indonesia (256 million) and the Philippines (104 million). As the country continues to undergo economic growth and demographic changes, Thailand's pharmaceutical market presents numerous opportunities for foreign pharmaceutical companies.

The Thai drug market will continue to grow through 2020 and new laws and disease trends provide excellent opportunities for foreign pharmaceutical companies to succeed.

The pharmaceutical excipients market is projected to reach USD 9.7 billion by 2025 from USD 6.9 billion in 2019, at a CAGR of 5.8%.
