# ABOUT DUBAI

**Dubai** is one of the seven emirates that make up the United Arab Emirates. It is considered as an eminent place for health, education, and is one of the prominent places to have the universities and universities estimated. It is the most modern city and it develops at an incredible pace in the tourist and commercial sectors especially

A city of dreams reveals insight into the land a great many people know for its enormous high rises and sumptuous luxuries. The leader of Dubai, Sheik Mohammad, longed for changing a languid angling town into a definitive city of the 21st century. To influence his fantasy to work out as expected, he transformed Dubai into the greatest development site the world has ever known. In only six years, he conveyed the tallest working on the planet, the most costly lodging on the planet, the greatest man-made island, the greatest shopping center, the greatest air terminal and the longest completely mechanized metro on the planet. Dubai has been named the 'Paris of the Middle East' because of its enrapturing charm, particular culture and captivating character that radiates a rich method for living that numerous lone dream about. The encompassing region is home to a remarkable mix of ageless deserts which appear differently in relation to the cutting edge city structures that assistance to make Dubai such a hypnotizing occasion goal.
