## About Organizer

Scholars Conferences is a global leader in producing high quality Conferences, Meetings, Workshops, Symposia and, Webinars in all major fields of Pharma, Healthcare, Science, Technology and Medicine.

Scholars Conferences endeavors to disseminate the scientific knowledge and research through its Scientific Conferences and Meetings. Scholars Conferences is currently organizing International Conferences, Meetings, Workshops, Symposia and, Webinars with a main theme of “Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together”. We have a stable and growing client base that ranges from small and medium-sized organizations worldwide. Our production and management teams are located in the US, UK, Japan and India access to deep pools of subject matter experts.

Scholars Conferences strives to become internationally renowned for providing meetings of outstanding scientific quality, bringing together smaller interest groups to create informal and workshop style interactions, bridging a gap in the scientific conference community.

We offer an excellent global platform for upcoming young researchers, scientists, professors and other affiliated people to share their research in that particular field.

All the Conferences, Meetings, Workshops, Courses and Webinars conducted by Scholars International are accredited with Continuing Professional Development (CPD), Continuing Education (CE), and Continuing Medical Education (CME) Credits.
