INVITATION

Madridge Conferences is pleased to welcome you to the **6th International Cancer Study & Therapy Conference** on **April 29-30, 2020** at **Miami, USA**. The annual Cancer conference creates a platform for experts' interaction with simultaneous networking opportunities and also provides an opportunity to explore the innovative ideas of the other communities, companies and associations.

Cancer Science 2020 is an initiative to unite the diverse researchers and business communities working in the field of cancer under one roof to understand the underlying biological procedures, current treatments which can be amended to increase effectiveness, precision, survivability and quality of life in cancer patients.

Cancer Science 2020 conference provides a platform for cancer researchers, clinicians, oncologists, academicians and young scientists from all over the world to fuel the development of targeted therapies. The conference will help to accelerate our understanding of cancer biology, development of new treatments to improve the standards in cancer practice.

Sincerely,
Cancer Science 2020
