Dear All,

We are glad to announce the *2nd Global Experts Meeting on Frontiers in Nursing & Healthcare* to be held in *August 17-19 | 2020 | London| UK* organized by Frontiers Meetings Ltd in collaboration with generous support and cooperation from enthusiastic Academicians and Editorial Board Members. This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss on the theme “*Future Challenges and Advancements for better Nursing & Global Healthcare.*” As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts. Life is full of give and take. Make it count in your professional life. Attend the Nursing & Healthcare Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level. Hope to see you at London!

With Best Regards,

KATHERINE EVA
Conference Director

TOP REASONS TO ATTEND

PRESENTING YOUR ORGANISATION'S WORK ON A Global STAGE

As a speaker you will be presenting to a room full of senior representatives from all over the world, each providing a different perspective from the sector. Your organization's expertise and knowledge will be showcased to key players in the field of Nursing, Health care and will be a unique platform to increase your reputation within the sector.

NEW PLACES; NEW PEOPLE

Each time will be held at a different place, new and different people will attend. This can enlarge building collaborations and help you in developing new relationships.

LEARN FROM OTHER SPEAKERS

As a speaker you will be provided with free access to three days of the conference and associated workshops and will be given the opportunity to hear from other senior representatives from the sector and consider problems and solutions in the field of nursing, our numerous Q&A sessions and panel discussions.

DISCUSS AND OVERCOME ISSUES IN THE FIELD

This conference offers unrivalled opportunities to work with other key leading experts from the Universities and Hospitals to discuss the main challenges in the sector and to come together to produce strategies to find solutions to these problems.

COMPETITIVE ADVANTAGE

You'll stand out if you're a sponsor and your major competitors aren't. If your competitors have already decided to be sponsors, your sponsorship becomes even more important, to assert your comparative market strength and your commitment to healthy products.

TOP REASONS TO ATTEND

LEADING A WORKSHOP

By leading one of the renowned Workshops, you will be presented with a perfect forum for an in depth discussion and debate into a key issue. These sessions can vary in format from case-study-led debate with interactive breakout sessions to a presentation based discussion group on a topic that may need a particular in-depth focus.

NETWORK WITH KEY PLAYERS FROM THE SECTOR

This conference draw together leading specialists from Universities, Hospitals and industry, the academia to ensure a conference is a commercially productive event for all involved. Be it forging partnerships, finding customers or building collaborations. It is the one-stop for knowledge sharing and collaborations.

THE OPPORTUNITY TO COLLABORATE AND SPONSOR

While we determine our conference theme and flow, we invite our key sponsors to suggest potential speakers, Delegate and topics that might also enhance the program. That's why it's important to commit early to sponsorship, before the program is final.

CHAIRING

To increase your presence at the event, why not chair the event, a day, or a specific session to present yourself and your organization as one the leading players in a specific topic area? As a chair, you will work closely with us and our line-up of senior level speakers to ensure an event's success.

CME STATEMENT

August 17-19, 2020
London | UK

CONTINUING EDUCATION CREDITS

Attendees of this conference will earn up to 12 hours of credits (CME/CNE) after the completion of the activity. Nurses, doctors, researchers and other medical professionals are eligible to get the CEU credits. Medical professionals earn a particular number of CEUs annually to validate that they are up to-date with present practices in the medical field. CEU credits are important in order to renew their certification or license. The annual number of CEUs varies by state and profession.

THE VALUE & BENEFITS OF CME

To Medical and Nursing professionals – Participating at CEU events is valuable to the medical professionals since it is required in order to keep up medical licensure and accreditation, is a source of consistent change that eventually enhances their medical practice, and keeps them up-to-date on the latest technologies, advancements, treatments, etc. Speaking at CEU events can also be a beneficial for medical professionals to explore their proficiency and in their speciality levels.

To Working professionals - CEU events is beneficial to the employers as it elevates their knowledge, capability, execution performance of the employees. CEU events help the employees to explore wide range of research projects.

To Organizations - Allowing staff to CEU events progress the intelligence and creativity levels of the team. A CEU event helps in better performance of the staff as a whole, which steps up the productivity and capabilities.

CLAIMING CONTINUING EDUCATION CREDITS

To gain credits, attendees must:

Register as a Participant

Be at the conference for the entire activity

Complete evaluation(s).

Take online CEU examination –questionnaires (based on the conference sessions)

Print and/or save certificate(s).

ABOUT

London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the south east of Great Britain, London has been a major settlement for two millennia. The bulk of this conurbation forms Greater London, a region of England governed by the Mayor of London and the London Assembly. The conurbation also covers two English counties: the small district of the City of London and the county of Greater London. The latter constitutes the vast majority of London, though historically it was split between Middlesex (a now abolished county), Essex, Surrey, Kent and Hertfordshire.

London is a leading global city, with strengths in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transport all contributing to its prominence. It is one of the world's leading financial centres and has the fifth-or sixth-largest metropolitan area GDP in the world depending on measurement. London is a world cultural capital. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic. London is the world's leading investment destination, hosting more international retailers and ultra-high net-worth individuals than any other city. London's 43 universities form the largest concentration of higher education institutes in Europe, and a 2014 report placed it first in the world university rankings. According to the report London also ranks first in the world in software, multimedia development and design, and shares first position in technology readiness. In 2012, London became the first city to host the modern Summer Olympic Games three times.
