Global Conference on Brain and Neurological Disorders

Theme: Fostering Advances in Brain and Neurological Disorders

About Rome, Italy

Rome, world's second most historically, and culturally interesting city, is located in the Lazio region of central part of Italy on the Tiber River. The name Roma is believed to be derived from the name of city's founder and first king, Romulus. It is declared as the fourth-most populous city in the European Union.

Vatican City the only extant example of an independent country inside the city boundaries of Rome, for this reason Rome has been often defined as the capital of two states.

Rome the "Eternal City" is a place to major international centre for higher education, having several academies, colleges and universities. Rome is also an extra ordinary place for fashion and design centre and famous for international brands centered in the city. Cinecittà Studios being the largest film studios in Rome is the set of many Academy Award–winning movies.

Being the birthplace of the Roman Empire, Rome is rich in masterpieces of art and architecture, and many more tourist attractions.

Attractions:

- Colosseum
- Palatine Hill
- National Roman Museum
- Castel Sant'Angelo
- Victor Emmanuel II Monument
- Saint Peter's Square
- St. Mark's Basilica
- Pantheon
- Roman Forum
- Vatican Museums
- Trevi Fountain
