### About Orlando:

Orlando, city, seat (1856) of Orange county, central Florida, U.S. It is situated in a region dotted by lakes, about 60 miles (95 km) northwest of Melbourne and 85 miles (135 km) northeast of Tampa. The city is the focus for one of the state's most populous metropolitan areas

The region was originally inhabited by Timucua and later Seminole peoples. Settlement began about 1843 around Fort Gatlin, a U.S. Army post. First called Jernigan for Aaron Jernigan, an early settler, the town was renamed in 1857 to honour Orlando Reeves, an army sentry killed during the Seminole Wars. Prior to the American Civil War, the area was a cotton and cattle centre. After the war, citrus became a leading industry. The South Florida Railroad arrived in 1880 and was extended to Tampa in 1883. The development after 1950 of the Cape Canaveral aerospace complex, 50 miles (80 km) east, spurred population and economic growth, which were further boosted when Walt Disney World opened in 1971 about 20 miles (30 km) southwest. The construction of other attractions followed, and the city acquired a National Basketball Association franchise (the Orlando Magic) in 1987.
