

24th Edition of International Conference on

Immunology and Infectious diseases

June 15-16, 2020
London, UK

Theme:
Exploring the human immune system & Infectious Diseases

Invitation

EuroSciCon is organizing meeting on 24th Edition of International Conference on Immunology and Infectious diseases is scheduled from June 15-16, 2020 at London, UK. EuroSciCon is the UK based independent life science Events Company with predominantly business and academic client base.

The 2020 meeting promises to be a dynamic and informative event and going to explore the issues on work related factors, innovations and integrated approaches towards immunology, the speakers are a multidisciplinary gathering of globally perceived specialists that speak on the Immunology with a theme on ***Exploring the human immune system & Infectious Diseases***

This is 2-day Meeting and you can participate in a number of educational formats including General Sessions, Poster Presentations, and Workshops/Symposium, Meet-the-Professor Sessions, Oral Presentations and other interactive and informal exchanges.

Topics will cover the latest advances in Clinical Immunology, Immunogenetics, Vaccines And Immunization, Immuno Research & Immunotechnology and many more...

We trust you will discover the Meeting beneficial, enlightening and agreeable. We want to thank all EuroSciCon Members and participants whose commitments and cooperation have been basic to the accomplishment of the association!!

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges.

June 15-16, 2020
London, UK

Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

Our International Open Access Journals:

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

Our International Scientific Conferences:

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

Other salient features comprehend:

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manuscripts in our Open Access Journals

With over 25000+ Immunologists, Engineers, Scientists, Students Technologists accessing the website, EuroSciCon Immunology Research 2020 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our Speakers and Committee Members fuelling better outreach of the work and profile.

Immunology Research 2020 Salient Features:

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

Congregate with most senior executives

Nurture connexions

Agenda format which incorporates ample Q&A time

Partake in our revamped exhibitor expo sessions

Meet and listen to the relevant clients

Unprecedented growth creating an unparalleled market place

June 15-16, 2020
London, UK

How's EuroSciCon different?

Exercises your creative instincts with the live knowledge experience

It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries

Over 25 Million+ Visitors and 20000+ Unique Visitors per conference

World's leading industries and companies attend

Career guidance for early career researchers and students

Provides insights you need to take your research to the next level

A huge conclave of high tech and science priests

Who'd be attending?

EuroSciCon Conference on 24th International Edition of International Conference on Immunology and Infectious diseases plays host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Immunologists, Engineers, Scientists, Students and others who stay plunged in learning and practice in the Immunology & its technologies.

About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 19 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

- Clinical Immunology: Current & Future Research
- Molecular Immunology
- Tumour Immunology
- Mucosal Immunology
- Transplantation Immunology
- Neuroimmunology
- Immunodermatology
- Immunogenetics
- Vaccines And Immunization
- Innate Immune Responses
- Nutritional Immunology
- Reproductive Immunology
- Developmental Immunology
- Neonatal And Pediatric Immunology
- Eco Immunology & Behavioral Immunity
- Immune Disorders
- Diagnosis Of Infection
- Bacteriology And Infectious Diseases
- Vector Borne Infectious Diseases
- Virology And Infectious Diseases

About Destination London

London is the capital and most populous city of England and the United Kingdom, standing on the River Thames in the south east of the island of Great Britain. London is a leading global city in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transportation. It is one of the leading tourist destinations in the world and in 2018 was ranked as the most visited city in the world with over 100 million visits.

Top Attractive Places to Visit in London

The city is covered with many famous tourist attractions like London Eye, Buckingham Palace tour, Madame Tussauds, Sea Life London, Tower of London, Kensington Palace and many other historical places which make the visitors more captivated towards the city.

London Eye: The Coca-Cola London Eye is a major feature of London's skyline. Climb aboard for a breathtaking experience, with an unforgettable perspective of more than 55 of London's most famous landmarks – all in just 30 minutes

Buckingham Palace tour: Buckingham Palace is the London residence and administrative headquarters of the monarch of the United Kingdom located in the City of Westminster, the palace is often at the center of state occasions and royal hospitality. It has been a focal point for the British people at times of national rejoicing and mourning.

Madame Tussauds London: At Madame Tussauds, you'll come face-to-face with some of the world's most famous faces. From Shakespeare to Lady Gaga you'll meet influential figures from showbiz, sport, politics and even royalty.
