Dear All,

We are glad to announce the *World Symposium on CARDIOLOGY* to be held in

*September 13-15, 2021, London, UK* organized by Frontiers Meetings Ltd in collaboration with generous support and cooperation from enthusiastic Academicians and Editorial Board Members. This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss wide range of current topics and will be available to discuss on the theme *Promising Growth Towards The Pinnacle In Cardiac Research*. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts. Life is full of give and take. Make it count in your professional life. Attend the Cardiac 2021 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

*With Best Regards,*

James Williams | Conference Director  
Cardiac 2021

*Hope to see you at London!*

## **PRESENTING YOUR ORGANISATION'S WORK ON A GLOBAL STAGE**

As a speaker you will be presenting to a room full of senior representatives from all over the world, each providing a different perspective from the sector. Your organization's expertise and knowledge will be showcased to key players in the field of Patient Safety and will be a unique platform to increase your reputation within the sector.

## **NEW PLACES; NEW PEOPLE**

Each time will be held at a different place, new and different people will attend. This can enlarge building collaborations and help you in developing new relationships.

## **LEARN FROM OTHER SPEAKERS**

As a speaker you will be provided with free access to three days of the conference and associated workshops and will be given the opportunity to hear from other senior representatives from the sector and consider problems and solutions in the field of Patient Safety, our numerous Q&A sessions and panel discussions.

## **DISCUSS AND OVERCOME ISSUES IN THE FIELD**

This conference offers unrivalled opportunities to work with other key leading experts from the Universities and Hospitals to discuss the main challenges in the sector and to come together to produce strategies to find solutions to these problems.

## **COMPETITIVE ADVANTAGE**

You'll stand out if you're a sponsor and your major competitors aren't. If your competitors have already decided to be sponsors, your sponsorship becomes even more important, to assert your comparative market strength and your commitment to healthy products.

## ABOUT

London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the south east of Great Britain, London has been a major settlement for two millennia. The bulk of this conurbation forms Greater London, a region of England governed by the Mayor of London and the London Assembly. The conurbation also covers two English counties: the small district of the City of London and the county of Greater London. The latter constitutes the vast majority of London, though historically it was split between Middlesex (a now abolished county), Essex, Surrey, Kent and Hertfordshire.

London is a leading global city, with strengths in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transport all contributing to its prominence. It is one of the world's leading financial centres and has the fifth-or sixth-largest metropolitan area GDP in the world depending on measurement. London is a world cultural capital. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic. London is the world's leading investment destination, hosting more international retailers and ultra-high net-worth individuals than any other city. London's 43 universities form the largest concentration of higher education institutes in Europe, and a 2014 report placed it first in the world university rankings. According to the report London also ranks first in the world in software, multimedia development and design, and shares first position in technology readiness. In 2012, London became the first city to host the modern Summer Olympic Games three times.
