**Dear Colleagues,**

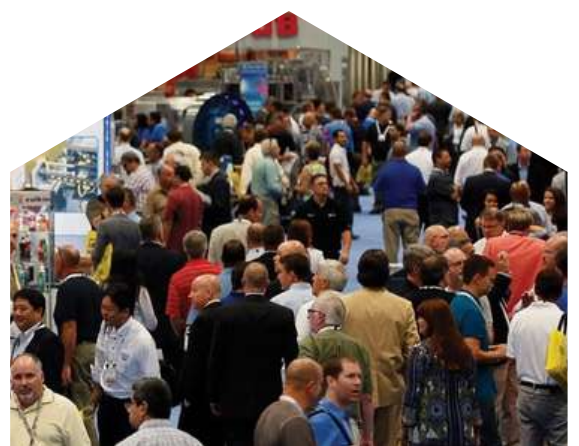

The **International Vaccines and Virology Conference** welcomes you to London during **October 14-15, 2021** to share your research findings, promote knowledge exchange, and network with a broad audience in the field of immunology and microbiology.

i-Vaccines 2021 is an annual gathering for researchers, practitioners, and educators to share insights and discuss the recent innovations, research, concerns as well as practical challenges encountered, and development to improve the healthcare sector's preventive and cure needs. The conference's global goal is to deliberate and disseminate innovative ideas among academics, research and development executives, scientists, industrialists, and policymakers to deepen the comprehension and transform the knowledge into innovative solutions for patient care.

The i-Vaccines Operating Committee invites the submission of abstracts covering a broad range of cross-cutting topics, including Adaptive Immunity, Vaccines, and Gene Therapy, Coronavirus, Covid-19 Vaccine, Viral Oncogenesis, Advances in viral diagnostics, Antiviral therapy, Cancer Vaccines and Immunotherapy, Hepatitis viruses, HIV, etc for information exchange and a fertile ground for the establishment and encouraging multidisciplinary collaborative studies.

Join us and witness the booming industry by taking part in i-Vaccines 2021 and giving new opportunities from around the world to your career and business. We'll be pleased to host you in London city.

We look forward to seeing you in London

# International Vaccines & Virology Conference

i-Vaccines 2021 provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, concerns as well as practical challenges encountered, and solutions adopted in the fields of immunology and microbiology.

## Who you will meet

- Researchers, Scientists and Healthcare experts
- Academia: Professors and Students
- Microbiologists Immunologists
- Research and Technical Department
- Policymakers and Influencers
- Business Professionals and Representatives

## Benefits of Attending

- Explore Future Business Opportunities
- Meet and collaborate with Pioneers in Health Sector
- Reinvigorate your relation with peers
- Network & get inspired by leaders
- Share your Products and Services with Professionals
- Sharing Knowledge with the Industry

## Conference Highlights

- Recent Research and Development
- Coronavirus/Covid-19 and Vaccines
- Immunotherapy
- Virology
- HIV Research
- Vaccine Delivery Methods
- Clinical Trials
- Viral Genetics and Evolution
- Viral Infections and therapy
- Vaccines Safety and Ethics

**91%**

Rated the content of the Conferences as valuable

**89%**

Rated the Conference as excellent

**87%**

Rated the event as important to their business

**94%**

Would recommend the Congress to others

i-Vaccines 2021 aims to bring together a broad range of scientists covering the interdisciplinary fields of biology, microbiology and immunology, among others

i-Vaccines 2021 is an annual gathering for researchers, practitioners and educators to share the insights and discuss the recent innovations, research, concerns as well as practical challenges encountered, and development to improve the healthcare sector's preventive and cure needs.

i-Vaccines 2021 is one stop juncture to all those who are planning to expand their business through various channels of franchise and distribution.

- Recent Research and Development
- Coronavirus and Covid-19 Vaccines
- Disease-specific Vaccines
- Cancer Vaccines and Immunotherapy
- Virology
- HIV Research
- Vaccines in Specific
- Novel Vaccine Delivery Methods
- Clinical Trials
- Viral Genetics and Evolution
- Viral Infections and therapy
- Vaccines Safety and Ethics

**91%**

rated the content of the programme as good

**85%**

of the delegates gained new knowledge to implement in their practice

**87%**

said the programme met their expectations

Join us and witness the booming industry by participating at i-Vaccines 2021 and give your career and business access to new opportunities from throughout the world.

# About London

Standing on the River Thames, London has been a major settlement for two millennia, its history going back to its founding by the Romans, who named it Londinium. London is a leading global city, with strengths in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transport all contributing to its prominence.

London contains four World Heritage Sites: the Tower of London; Kew Gardens; the site comprising the Palace of Westminster, Westminster Abbey, and St Margaret's Church; and the historic settlement of Greenwich. Other famous landmarks include Buckingham Palace, the London Eye, Piccadilly Circus, St Paul's Cathedral, Tower Bridge, Trafalgar Square, and The Shard. London is home to numerous museums, galleries, libraries, sporting events and other cultural institutions, including the British Museum, National Gallery, Tate Modern, British Library and 40 West End theatres.

# Testimonials

*Thank you for organising the conference, it was done very well indeed.*

**Pek Joo Teoh**  
Obstetrician & gynaecologist  
Australia  
(iWomen Health 2019)

*I would like to thank you and the organising committee for inviting me to deliver a talk. It recieved good attention and applause. Was an excellent experience for me. The meeting was well organised and venue was good.*

**Salma Naseem**  
Yeovil District Hospital  
United Kingdom  
(iWomen Health 2019)

*The conference last week was terrific and very informative. Thanks again for all the hard work that went into it.*

Steven J. Durham  
Labaton Sucharow  
Italy  
(iPharma USA, 2019)

*iPharma 2018 offered everything we needed, from Drug Discovery and Development to Pharma Marketing, PharmaManufacturing, Industrial Pharmacy. It gives all participants a productive conference experience. We'll come back year after year*

**Ye Xu**  
Jilin Medical University  
China  
(iPharma 2018)

*Thank you for your message. I enjoyed the conference and was glad about the positive feedback that I received after my talk*

Thomas Heinbockel  
Howard University College  
USA  
(iPharma USA, 2019)

*Thank you for sending the photographs. Also a special mention in thanking you for all the efforts and arrangements made by you for this conference.*

Roopa Verghese  
The Centre of Bioethics  
India  
(iWomen Health 2019)
