ABOUT THE EVENT

Magnus Group is glad to announce and extend a warm invitation to you to join its "2nd Edition of Euro-Global Conference on Biotechnology and Bioengineering" (ECBB 2022) which is scheduled to take place in a hybrid format with both online and in- person mode at Rome, Italy during **June 13-14, 2022**.

The summit having the theme "*Revealing and Transforming the Globe with Innovations in Biotechnology and Bioengineering*" will once again unite researchers, scientists, biotechnologists, academicians, industry key players, policymakers and delegates from a wide range of disciplines to deliberate on the latest findings and trends across the bioengineering and biotechnology remit, providing a forum for the exchange of knowledge and forging of new ideas.

The diversity of issues that will be covered at this consortium reflects the fact that biotechnology and bioengineering are integral to many aspects of daily life and have the potential to address local and global challenges that we all confront. We try to adapt innovation in Industrial Biotechnology and bioscience to enable the bio-manufacturing of chemicals and functional products in a more sustainable method as the world faces crucial problems in establishing a more sustainable bioeconomy.

The symposium will undoubtedly be a highlight for scholars and professionals working on this topic, which has a wide range of scientific applications. The event will feature a slew of illustrious speakers who will present their most recent findings on cutting-edge techniques that will transform the field of bioengineering and biotechnology in the future.

GLIMPSES OF PAST CONFERENCE

PAST CONFERENCE TESTIMONIALS

▶ **El Hassane Larhrib, University of Huddersfield, UK**

I had a wonderful time at the PDDS 2018 conference, and may have made some new friends/ collaborators as well!

▶ **Joe E. Springer, University of Kentucky, USA**

Many thanks. I certainly enjoyed the conference. Being in Rome is a special occasion and in wonderful weather. Again many thanks for the invitation.

▶ **Gerald H Tomkin, Beacon Hospital and Trinity College Dublin, Ireland**

Firstly, I would like to congratulate Magnus group about the amazing conference. I am planning to participate again in the next one in Paris.

▶ **Natassa Pippa, University of Athens, Greece**

It was a very fascinating conference and had a wonderful experience to share about research with professionals in the field

▶ **Nicole Hess, University of New England, Australia**

I can certainly declare that the keynote lectures and oral presentations were generally of an excellent standard and although covering a wide range of topics, in my opinion, they were all relevant to the discipline of drug delivery.

▶ **Pawel Brzuzan, University of Warmia and Mazury in Olsztyn, Poland**

It was an excellent conference and wonderful experience.

▶ **Mino R Caira, University of Cape Town, South Africa**

I really had a good time while in Rome. Thanks a lot.
