WELCOME MESSAGE

We present you the **International Conference on Alternative Medicine & Integrative Health (AMIH 2022)** which we will celebrate in **Dubai, UAE from November 28-29, 2022**.

The influence of Alternative Medicine is increasing all across the world, with health professionals and patients looking for an overall health and wellness. This Conference will feature international expert speakers with strong clinical and scientific research backgrounds, offering decades of experience and knowledge to share.

AMIH 2022 will focus its main themes around research in **Alternative & Integrative Medicine, Traditional Medicine and Complementary Practices**, counting with health professionals of the different disciplines.

Alternative Medicine is a meeting point between conventional medicine and that which uses and represents complementary and natural treatments or techniques, focusing the process on patients and delving into their well-being and preventive practices.

AMIH 2022 will be an international platform to share the study and deepening of Alternative Medicine among the health professionals who practice it around the world, and also a space for discussion, a discussion that includes attendees with their needs and demands for the current systems of alternative health.

Attendees include Naturopaths, Acupuncturists, Chiropractors, Homeopaths, Licensed Herbalists, Massage Therapists, Medical Doctors, Nutritionists, Osteopaths, Pharmacists, Psychiatrists, Psychologists, Registered Dietitians, Registered Nurses, Traditional Chinese Medicine and other integrative healthcare practitioners.

We are looking forward to meeting you in ultramodern and beautiful **Dubai**, to share the knowledge and the enthusiasm of our Alternative Medicine. Together we will work for a friendlier, closer and more social medicine.
