Dr. Keekok Lee, *University of Manchester, United Kingdom*

The 3rd Webinar organised by the Coalesce Research Group in March 2021 was my first webinar as participant. It was very efficiently and smoothly conducted both pre-virtual conference and during it. It was for me an enriching experience; I've learned a lot from it as a novice and I hope to put that experience and new knowledge to good use in the future. Many thanks to the organisers at all levels.
