Dr. Kosciuczuk Urszula, MD, PhD
Department of Anaesthesiology and
Intensive Therapy
Medical University of Bialystok, Poland
Organizing Committee Member
Congress 2025WCAC

Dear Friends and Colleagues,

I would like to invite you to participate in the 9th Edition of World Critical Care & Anesthesiology Conference (2025WCAC) hosted by the Episirus Scientifica, which will be held from October 10-11, 2025 in Singapore.

The international nature of the conference is confirmed by its high scientific level. The planned lecture schedule and practical workshops are a great opportunity to learn about current issues of anesthesiology and intensive care. As a member of the Organizing Committee Member, I would like to encourage to participate in the symposium.

On behalf of the Episirus Scientifica and the Scientific Committee, we assure you of a high substantive level of the meeting and technical preparation. We invite you to direct participation and on-line.

I am looking forward to meeting you during 9th Edition of World Critical Care & Anesthesiology Conference 2025 in Singapore.

Dr. Ahmed Fouad
Ain Shams University, Cairo, Egypt
Organizing Committee Member
Congress 2025WCAC

Dear Friends and Colleagues,

It has been a pleasure for me, for being an Organizing Committee Member since 2018 and after the major success in the past 7 years, the 2025 World Critical Care & Anesthesiology Conference (2025WCAC) will certainly be better for its upcoming 9th Edition in Singapore.

The 2025WCAC will be held during October 10-11, 2025 in Singapore and will be organized by the Episirus Scientifica.

Many participants from all over the world will gather to share knowledge, experience and new techniques in the field of Anesthesiology and critical care surgery.

2025 WCAC will provide excellent opportunities for experts, consultants, physicians, surgeons and medical students to present the latest research developments through interactive sessions, poster presentation, workshops and case reports.

Moreover, there will be a chance to follow the latest industry innovations and new research updates.

Looking forward to seeing you all in Singapore to enjoy the scientific program and at the same time explore one of the most advanced countries in the world.

Organizing Committee Member
Congress 2025WCAC

Dear Friends and Colleagues,

Episirus Scientifica is hosting the 9th Edition of 2025 World Critical Care & Anesthesiology Conference in Singapore during October 10-11, 2025.

I have been a part of the previous editions of this conference in Bangkok, Singapore and virtually during the COVID 19. Previous conferences were very well organized, and presentations were of the highest standards. The international faculty and participants had great opportunities to make the sessions interactive and interchange ideas on very important topics and challenges that we face worldwide in cardiology and cardiothoracic surgery fields.

As an organizing member of the conference, my commitment to participants will be:

- To have discussions on latest and innovative topics,
- Tremendous opportunity for networking, and
- A fun-filled two days in the backdrop of a beautiful city – Singapore.

I look forward to seeing you as delegates, and invite you to take this opportunity to showcase your presentations and research.

ABOUT US

Episirus Scientifica

Episirus Scientifica (ES) is initiated to meet a need and to pursue collective goals of the scientific community specifically focusing in the field of Sciences, Engineering and technology to endorse exchanging of the ideas & knowledge which facilitate the collaboration between the scientists, academicians and researchers of same field or interdisciplinary research. Episirus Scientifica (ES) group is proficient in organizing conferences, meetings, seminars and workshops with the ingenious and peerless speakers throughout the world providing you and your organization with broad range of networking opportunities to globalize your research and create your own identity. Our conference and workshops can be well titled as 'ocean of knowledge' where you can sail your boat and pick the pearls, leading the way for innovative research and strategies empowering the strength by overwhelming the complications associated with in the respective fields.

Participation from 60 different countries and 500+ different Universities have contributed to the success of our conferences.

Our first International Conference was organized on Heart & Neurology in Bangkok, Thailand. Our conferences usually run for 2-3 days completely covering Keynote & Oral sessions along with workshops and poster presentations. Our organization runs promptly with dedicated and proficient employees' managing different conferences throughout the world, without compromising service and quality.

About 2025WCAC

2025WCAC will follow the Hybrid Event Model

After a successful hybrid 2024WCAC Critical Care and Anesthesiology Conference in Bangkok Thailand, the 9th Edition of 2025 World Critical Care and Anesthesiology Conference (2025WCAC) will be hosted by Episirus Scientifica at Singapore During October 10-11, 2025.

2025 World Critical Care and Anesthesiology Conference (2025WCAC) is the 9th Edition educational event which is designed to advance knowledge and expertise in critical care and anesthesiology that rotate between continents and are organized in collaboration with national and international Anesthesiology and Critical Care societies and associations. This International 2025WCAC Congress is going to be held during October 10-11, 2025 in Singapore.

The conference is targeted to the international Critical Care Medicine community as well as other healthcare professionals involved in multidisciplinary critical care surgical challenges; For every community, there continues to be a need for surgical and medical teams to evaluate and treat the severely injured patients. It is appropriate that this Critical Care Conference Congress take the action of leading a continuing education venue for the complex operative and critical care surgical challenges and become the epitome of such series.

The 2025 World Critical Care and Anesthesiology Conference (2025WCAC) will be organized around the theme **'Advancing Patient Care in a Rapidly Evolving Field'**.

The conference program for the 2 days includes a line-up of local and international speakers with inspiring insights to share on advancing Anesthesiology, Emergency, Truma and Critical Care Quality Improvement through Patient and Family Experiences.

OUR COLLABORATORS

The **Medical University of Bialystok** is a modern, rapidly growing public university, with a mission to provide the best possible education for professional, responsible, leading-edge medical staff; to carry out scientific research at the most advanced level worldwide; to implement innovative solutions in cooperation with medical service providers; and to respond to social needs.

Sri Lankan Society of Critical Care Nurses (SSCCN) is a voluntary group of nurses from critical care units in Sri Lanka dedicated to improve the knowledge and skills of the fellow colleagues. As Critical Care is a rapidly evolving specialty it demands a very high standard of care from all the health care professionals involved. SSCCN is focusing on uplifting the standards that are required in this highly specialised field of nursing.

Various local and international educational forums and workshops for all Sri Lankan nurses involved in managing critically ill are organised regularly for this purpose.

The **Ceylon College of Critical Care Specialists** is committed to uplift the field of Intensive Care Medicine in Sri Lanka. We are an independent, patient centered professional organization comprises of Specialists in Critical Care Medicine.

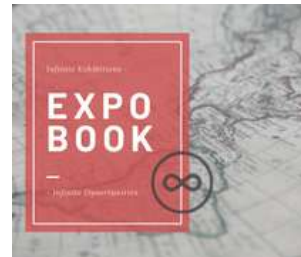

We hold the vision of "Commitment and Care". It signifies our role as committed professionals aiming at delivery of passionate care towards critically ill patients. Our strategic plans and objectives are all centered on above two aspects which we highly value.

Our role in quality improvement.

Anaesthesiologists Society of Namibia (ASN) aims to unite all Anaesthesiologists practicing in the Republic of Namibia, safeguard their inter.

DEADLINES:

ABSTRACT SUBMISSION

February 20, 2025

EARLY BIRD REGISTRATION

December 30, 2024

SPEAKER REGISTRATION

March 20, 2025

GUIDELINES

Before you begin, please prepare the following information:

Presenting author's contact details:

Email address, Full postal address, Daytime and evening phone number

Presentation type :

Please choose from one of the following:

Poster presentation, E-poster presentation, Oral presentation

Video presentation

Author and co-authors' details:

- Full first and family name(s)
- Affiliation details: department, institution / hospital, city, state (if relevant), country
- Abstract title- limited to 30 words in Title Case
- Abstract text- limited to 250-300 words
- Tables- A maximum of 3 tables of up to 10 rows x 10 columns can be included per abstract
- Graphs and images- It is important to note that each image included in the abstract is worth 30 words. A maximum of 3 images can be included per abstract. You may upload graphs in JPG, GIF or PNG format.

Please note that abstracts must be **SUBMITTED** before the deadline in order to be sent to review for inclusion in the Scientific Program.

Reviewing:

All abstracts will be forwarded for the Scientific Committee's review. If an abstract is accepted, the presenting author must register.

Authors who submit an abstract but fail to register by April 15, 2025 run the risk of having their abstracts withdrawn.

Letters of acceptance will be sent once your abstract has been reviewed and accepted. If you have not received any notification, please contact the program manager: criticalcare@episirus.org

Consent to upload Abstract, Presentation Material or lecture's video:

The Conference reserves the right to publish on the conference website:

- Some or all abstracts in HTML or PDF format
- Some or all of the presentations in PDF format
- Some of all recordings/videos/photographs of the lectures

Episirus **Scientifica** Event (ESE) **Ambassador** referral program

Be an ESE 2025 WCAC Ambassador and earn FREE Registration!

- Refer one new participant and you BOTH receive 15% OFF on Registration.
- Refer eight or more new participants and your 2025 Conference Registration + Accommodation will be FREE + Earn Gifts for your referred participants.

Who makes ESE strong? YOU.

- You make ESE the largest voice in scientific conferences in the world.
- You know the value of scientific conferences and can share it with your colleagues.
- You can encourage them to join ESE to maintain the influence of the medical and scientific community.

Top 3 Reasons to Refer Participants:

- Create a stronger community of peers to collaborate with
- Increase your network to become a leader in your workplace/academic institution
- Referring Participants is FUN and EASY!

The Rules: The ESE Ambassador referral program is designed to encourage current participants to spread the word about the value of ESE conferences.

Additional Benefits: Per Year, Top 3 Conference Ambassador will receive:

Travel Reimbursement*
Best Conference Ambassador Award

This offer expires **July 30th, 2025.**

VENUE AND HOSPITALITY

Venue : Singapore

Guide to Sightseeing Spots in Singapore

Singapore's central location makes it easy to access nearby attractions. Marina Bay to the south offers iconic landmarks, while Orchard Road and Singapore Botanic Gardens to the west provide top shopping and nature experiences. Explore cultural areas like Chinatown, Little India, and Kampong Glam, or visit Sentosa Island for entertainment and beaches. The efficient transport system ensures easy sightseeing across the island.

Transportation

How Can You Reach Singapore:

1. **By Air:** Singapore is served by Changi International Airport (SIN), one of the busiest and most efficient airports in the world. It is the main international gateway, connecting Singapore to numerous cities across the globe with both direct and connecting flights.
2. Changi International Airport (SIN) handled 58.9 million passengers in 2023, achieving an impressive recovery of 86% of its pre-pandemic traffic levels.
3. **By Bus:** Comfortable bus services operate between Singapore and cities like Kuala Lumpur, offering a budget-friendly and convenient option for regional travel.
4. Once in Singapore, the MRT (Mass Rapid Transit) system, public buses, and taxis offer efficient ways to explore the city, making it easy to access conference venues and other attractions.

Singapore Attractions

Singapore is known as a City in a Garden and nearly 50 percent of the island is green space. It is a thriving metropolis offering a world-class infrastructure, a fully integrated island-wide transport network, dynamic business environment, vibrant living spaces and a rich culture largely influenced by the four major communities in Singapore with each offering different perspective of life in Singapore in terms of culture, religion, food, language and history.

So, this year **Episirus Scientifica** scheduled **2025 World Critical Care and Anesthesiology Conference (2025WCAC)** in the beautiful city which is an example of sustainable development, Singapore, to bring together the world's best leading experts, researchers, scientists, professors, medical device manufacturing companies and the most respected leaders to exchange and share their meaningful experiences of various methods involved in critical care and anesthesiology
