About Conference

We are glad to announce our **2nd International Conference on Women's Health and Breast Cancer** Organized by Prezentis which is to be held on **October 16-17, 2025** at **Rome, Italy**. The conference revolves around the vibrant theme **“Multidisciplinary Approaches to Women's Health Research and Breast Cancer”**. This Conference aims to bring together researchers, experts, and students from academia and the healthcare industry to provide an international forum for sharing original research, new ideas, and practical experiences. Women's Health Conference underscores the unique healthcare needs of women, aiming to offer comprehensive and specialized care across the continuum of women's health challenges from adolescence to maternity, menopause, and eldercare. Emphasizing a holistic and integrated approach, it recognizes the importance of equal attention to women's health care. Breast Cancer covers all the core areas like Women's healthcare, Women's nutrition, Breast cancer types, Stages of breast cancer, Symptoms, Risk factors, Treatments & Side effects, Breast Biopsies, Gynaecology & Obstetrics, Breast cancer awareness, Healthy lifestyle, Case reports and so on. Breast Cancer is the most common cause of death in women. The scientific sessions of the Breast Cancer conference housing all the current research in breast cancer research Our conferences not only provide a platform for exchanging ideas with a large audience but also strive to promote focused research advancements in various fields
